Notification: Withdrawal of Process change

We truly appreciate your significant support always.
We shall inform you captioned matter as below.
Your kind confirmation will be appreciated.

1. Notification

This notification informs you a withdrawal of below process change, which was sent in March 2021.

Issue No.: PD-0009987

Product number by Hirose: 609-0019-5 / 609-0032-3

Product name by Hirose: DM3C-SF / DM3CS-SF

Content of change:

- ① Addition of contact plating processing supplier
- ② Addition of sealing treatment due to the addition of plating processing supplier.
- ③ Deletion of gold plating for contact that is not shown in drawing

Reason for the change: From the BCP perspective, plating processing supplier is added.

2. Reason for the withdrawal

Regarding the process change, defect has occurred partially during an evaluation of changed-product. Currently, we are investigating the cause of the defect and considering an improvement method. However, since it requires some time, we decided to withdraw the process change for now to avoid any inconvenience due to stagnation. We will inform you again as soon as we are ready.

We sincerely apologize for any inconvenience this may cause to you, and for those who have already approved and started to consider the matter, your understanding and approval will be appreciated.

Sincerely,

Manager: Kouichi Tsukamoto
Supervisor: Koji Inagaki
Person in charge: Sumio Nouchi
